SPRING TERM LEARNING THEMES

We return to school on Tuesday 6th January .

Our Learning Themes for the Spring Term will be:

Wrens & Robins	People who help us and Superheroes
Flamingoes	Vikings and Saxons

THINGS TO REMEMBER

- ⇒ School opens at 8.30am. Children should be in school by 8.45am ready to learn.
- ⇒ Check Dojo/Tapestry regularly.
- ⇒ All children need their home-school learning books in school every day please — especially on a Monday ready for spelling tests.
- ⇒ School uniform Monday, Thursday and Friday and PE Kits on Tuesday and Wednesday.
- ⇒ Coats are required in school due to changeable weather.
- ⇒ Please ensure children have a bottle of water each day.
- ⇒ Report absences to school **by telephone** before 9.00am each day of absence.

WRENS

Wren Class have had a super start to the year with lots of fun learning based on our theme of fairy tales and toys.

We particularly enjoyed reading traditional tales and acting them out to the rest of the class.

Over the last few weeks, we have been looking at a book called 'Toys lost in Space' which has an alien character that looks a little like a glove. We decided to make our own aliens using gloves and filled them with different things, which produced lots of wonderful vocabulary. Some aliens were hard, some were soft and some were really, really cold!

In maths, we have learnt all about 4 sided shapes and Wrens are great at spotting these all around us in the environment we live in. We have also been looking in detail at numbers to 5, what numbers to 5 are made up of and finding one more and one less than a number.

We are just about to get stuck into Christmas, the classroom is decorated with pretty lights and an elf arrived to keep an eye on us all. Watch this space for wonderful Christmassy creations that we hope you'll enjoy for years to come.

Thank you for all your continued support,

The Wren Class Team

ROBINS

Robins have had a super half term. Children have been exploring their learning theme 'Toys'.

In Science, children have been able to successfully identify common materials and determine if they are natural or man-made. They have also used this knowledge to talk about what toys are made from.

Robins have also enjoyed being historians learning about past and present toys, within living memory. They have been able to add toys chronologically on a timeline and discuss how toys have changed over time. Robins enjoyed listening and sharing pictures and stones about parents and grandparents toys. Thank you again to adults at home supporting this by sending pictures and talking to your children.

Robins have also explored 2D and 3D shapes and can name and describe their properties. They have also explore vertical lines of symmetry. Robins are looking forward to all the Christmas festivities over the next few weeks

---

FLAMINGOES

Flamingoes have really enjoyed learning about the rise and fall of the Ancient Maya, their achievements and daily lives. In English, we have been reading and writing some Christmas poems, which we look forward to sharing with you at our church service.

In PE, we have been learning about tag-rugby and look forward to returning to swimming as soon as possible.

Thank you for our continued help and support with learning spellings, times tables and completing homework.

Please keep working on times tables, spellings and tricky words at home.
