January

22nd	Friends Meeting in Hall
30th	Library Van visiting school

February

16th – 20th	Half Term Week
27th	Library Van visiting school

MISS FRIER

You may be aware Miss Frier was not in school for the last few weeks of last term due scheduled knee surgery. The operation went well and she is continuing to recover with plans to return to work soon.

ATTENDANCE/SICKNESS

We are entering the time when there are a lot of colds and bugs around. Please remember that you need to telephone the school before 9.00am **each day** of absence.

Also, if children are sick, they should not return to school for 48 hours after the last bout of sickness.

THINGS TO REMEMBER

* School opens at 8.30am. Children should be in school by 8.45am ready to learn.
* Check Dojo/Tapestry regularly.
* All children need their home-school learning books in school every day please — especially on a Monday ready for spelling tests.
* School uniform Monday, Thursday and Friday and PE Kits on Tuesday and Wednesday.
* Coats are required in school due to changeable weather.
* Please ensure children have a bottle of water each day.

IMPORANT – Please remember we are a peanut free school. If children have breakfast cereals containing peanuts for breakfast please ensure hands are washed before coming into school.

WRENS

We were so proud of the way the Wren's returned to school and were excited to get stuck into their learning.

This term our learning theme is Superheroes and people that help us. This should lead to lots of exciting visits and trip.

In English we will be looking at the stories - Superworm, Supertato, Superkid and Super Daisy and the peril of planet pea. You might like to talk about these with your children at home. We will be acting them out, drawing them and re-telling them in school.

In Maths we are looking in depth at numbers to 10 as well as mass and capacity. There will be lots of fun practical learning activities inside and out.

Thank you for making sure your children are equipped for this wintery weather. We have been able to get outside every day and explore and investigate all that the season of winter brings. It has been so much fun!

The Wren class team

ROBINS

Robins have settled in well after their break, eager to engage with their learning.

This term our learning theme is 'People who help us' and 'Superheroes'. Robins have already thought about people who help us that are close members of our family and those that help them during the week. Robins have also begun to think about people in uniform that may help them.

In Maths, Robins have started the topic of Addition and Subtraction.

Children are working hard to use the correct punctuation in their writing, as well as forming letters correctly in their handwriting.

A reminder that children's homework will be given out on a Tuesday to be completed and returned the following Monday.

Please ensure to read with your child at least 3 / 4 times a week. The impact of reading at home regularly is clear in the progress made in school.

Thank you for your continued support at home.

FLAMINGOES

Flamingoes have settled back well this week and are enjoying the new learning theme 'Vikings, Saxons and Forces".

In Science, we have started learning about pushes and pulls as well as contact forces. In History, we have discussed where the Vikings came from and ordered key dates on a timeline. Maths continues to be multiplication and division for most of the class, so please continue to help children learn their timetables up to 12 x 12. This is a national expectation for Year 4 pupils and we are working hard on this in school.

In RE, we will be learning about the Humanist viewpoint.
