MESSAGE FROM MR SNOWDON

What a great start back it has been after half term! All of the children have really hit the ground running again since we came back last Monday. I'm sure the weather getting slightly better has helped cheer everyone up!

We've got lots to look forward to across the schools for the rest of this half term, even though there is now only three weeks left until the Easter Holidays.

I'm very happy to report that Blakeney have now got their new minibus. A big thank you to their PTFA for supporting this as it will directly benefit all of the children in the Federation.

Thank you to those of you who completed the summer school consultation. I will write to you all with an update about this next week. I will also provide an update next week about the Parent Governor vacancy at the Federation.

I hope you enjoy reading this month's newsletter for your school. And, as ever, thank you for all of your support of our fantastic schools.

Best wishes,

Mr Snowdon

THINGS TO REMEMBER

- School opens at 8.30am. Children should be in school by 8.45am ready to learn.
- Check Dojo/Tapestry regularly.
- All children need their home-school learning books in school every day please — especially on a Monday ready for spelling tests.
- School uniform Monday, Thursday and Friday and PE Kits on Tuesday and Wednesday.
- Coats are required in school due to changeable weather.
- Please ensure children have a bottle of water each day.
- Report absences to school **by telephone** before 9.00am each day of absence.

WRENS

We are having a great time in Wrens talking about People Who Help Us. So far this half term, the children have really enjoyed learning about The Jolly Postman. We have found learning about Post People and how the postal system works very interesting. We have even designed our very own stamps in class. Keep your eyes peeled for something special arriving in the post soon.

In maths we are starting to learn about number bonds to 10. Please talk about this with your children and look at different ways of making 10. We have been singing a song to help us remember 2 parts that make 10, see if your child can sing it to you!

Outdoor learning was lots of fun on Wednesday morning. It was the perfect time to start because there were so many sign of spring to talk about and we all found it very exciting.

Please remember to record at least 4 reads with your child at home.

We look forward to meeting with you all soon. Thank you for your continued support.

The Wren Team

ROBINS

Robins have had a great start to Spring 2.

In English, we have been focussing on the story of Supertato. Children have been able to think of personality traits of Supertato and the Evil Pea. As well as writing expanded noun phrases and questions they would ask characters in the book. Children have just started their non-fiction newspaper writing unit that will link to the story.

In Maths, children have come to the end of their multiplication and division topic and are now moving onto measurement.

In RSE, Robins have explored first aid basic skills and have been able to demonstrate some basic skills. They have alo explored water safety and how the RNLI help us.

A big well done for children's recent reading effort at home. Thank you for your support.

FLAMINGOES

In Flamingoes, we have been very busy trying to improve our fiction writing. We have written some wonderful descriptive settings, characters and diary entries based on the Viking myths of 'Odin's Creation Story' as well as 'Freya and the Goblins.' We are learning to fill our writing with expanded noun phrases, adverbial phrases, description using the five senses and subordinate clauses.

In Science, we have learned about gravity and how mass and weight differ. We measured objects in the classroom in grams as well as Newtons. We have also started to learn five new word in Spanish every day during registration.

In History, we are learning about the lasting impact the last Anglo Saxon kings had on British History. In DT, we have made Anglo Saxon honey oat cakes; we practised our weighing, chopping and shaping skills.

In RE, we have started learning about how the Resurrection is important to Christians.

In PE, we continue to enjoy learning traditional English dancing.

In Art, we are designing and creating our own Viking shields from cardboard.

We have been working hard to improve our spelling, punctuation, grammar, times tables, arithmetic and handwriting skills. Any help you can offer at home with regard to spellings and timetables is appreciated. All timetables should ideally be learned by the end of year 4, up to 12x12! Skip counting as well as recalling times tables quickly really helps children to complete their maths work effectively.

Reading at home is also very important – it improves vocabulary, imagination, confidence and fluency. Thank you for your continued support at home.

FRIENDS OF HINDRINGHAM PRIMARY SCHOOL

The Friends have asked for prize donations for the raffle at the Easter service. If you have anything, please send into school by Friday 20th March.
